

**Conference Announcement and Call for Papers:  
Canadian Council for Southeast Asian Studies  
Re-envisioning Southeast Asia: Conflicts, Connections and Vulnerabilities  
October 14-16, 2005  
York University, Toronto**

CCSEAS would like to announce a call for abstracts and panels for the upcoming CCSEAS biennial conference. The conference will be hosted by the York Centre for Asian Research (YCAR) at York University, Toronto.

We encourage participants to organize panels, but we also welcome individual abstracts. To facilitate submissions we have identified a set of panels that speak to the theme of re-visioning Southeast Asia and Southeast Asian Studies in the context of old and new conflicts and conflict management; Southeast Asia as a site in an transnational web of networks, and new environmental, livelihood, and other vulnerabilities. All participants should sent their abstracts to the \*\*\*, but presenters interested in participating in organized panels are also encouraged to contact organizers, listed below.

Further details on the panels, accommodation, and contact information are provided on the CASA website: Please note that there will be limited financial support available for travel/accomodation expenses for graduate students. York University and the York Centre for Asian Research look forward to welcoming you to CCSEAS, 2005!
